Soldier Training and Technology Integration - We Can Help

Distributed Learning Programs

1 March 2005

Velma J. Burrs & Steven M. Van Gilder

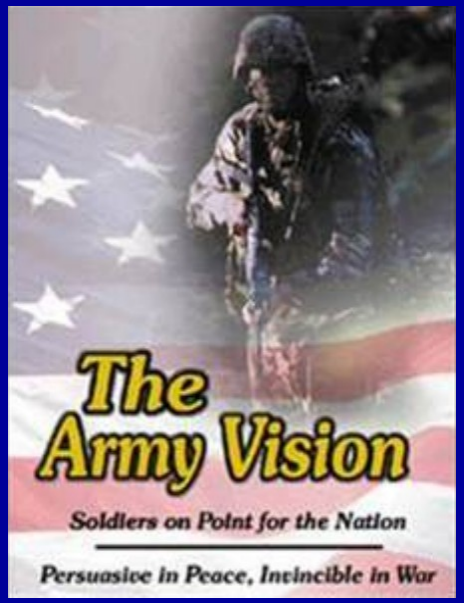
Department of Academic Support And Quality Assurance
Academy of Health Sciences
Army Medical Department Center and School

Mission

Support and facilitate the delivery of technology-enhanced learning products. Delivery includes video teletraining (VTT), satellite broadcasts, asynchronous computer-based products, and synchronous and asynchronous web-based training.

Supporting the Army Vision

- **Focus:**
  - **People**
  - **Readiness**
  - **Transformation**



"Soldiers on Point for the Nation . . .
Persuasive in Peace, Invincible in War"

Trained Medical Personnel

Distributed Learning (DL): A Training Transformation

- Traditional courseware
  - Instructor led
- Traditional information technology
  - Legacy systems

"Bricks and Mortar"

Distributed Learning (DL): A Training Transformation

- Transitional courseware
  - Interactive multimedia instruction (IMI)
  - Computer-based training
  - Web-based courseware

Distributed Learning (DL): A Training Transformation

- Transitional information technology
  - Video teletraining
  - On-line Conferencing
  - Digital classrooms
  - Networked Systems

Distributed Learning (DL): A Training Transformation

- Transformed courseware/systems
  - Army Learning Management System (ALMS)
  - Reusable learning objects
  - Simulations
  - Virtual Reality

Distributed Learning Delivery Modalities

- CD-ROM, DVD
- Asynchronous (Web-based)
- Synchronous (VTT, Satellite, Web)
- Simulations

Digitally Enhanced Mannequins

Total Immersion Virtual Reality

Distributed Learning Supports

- Rapid training updates
- Access to just-in-time and on-demand training
- Easy, timely access to course material
- MOS, refresher, and professional development training

Training Anytime and Anywhere

Let us help via DL:

- Video Teletraining
- Satellite Broadcasts
- Web-based Courses
- Streaming Video to the Desktop

Distributed Learning Facilities

- Support access to and utilization of training products anytime and anywhere in standardized distributed learning facilities located worldwide

Welcome to the Soldier's Training Homepage which provides you access to a wealth of training information, documents and products while you're at home, working in the unit, attending initial entry or professional development training at Army schools and institutions. For enlisted soldiers, you can tailor your homepage as a rucksack adding those tasks that you access frequently. You can also view your career map and track your progress towards achieving the next rank (SGT, SSG) with our promotion point worksheet. Access is easy using your AKO userid and password.
Check out the latest product releases under the What's Hot! link in the Alerts Portlet of your training homepage.

Interactive Multimedia Instruction (IMI)

- 6H-F20, Fundamentals of Occupational Medicine (Web) – Fielded
- 6H-F11, Basic Industrial Hygiene- Pending approval
- ANCOC/BNCOC - Legacy (FY05 TRADOC funding for update)

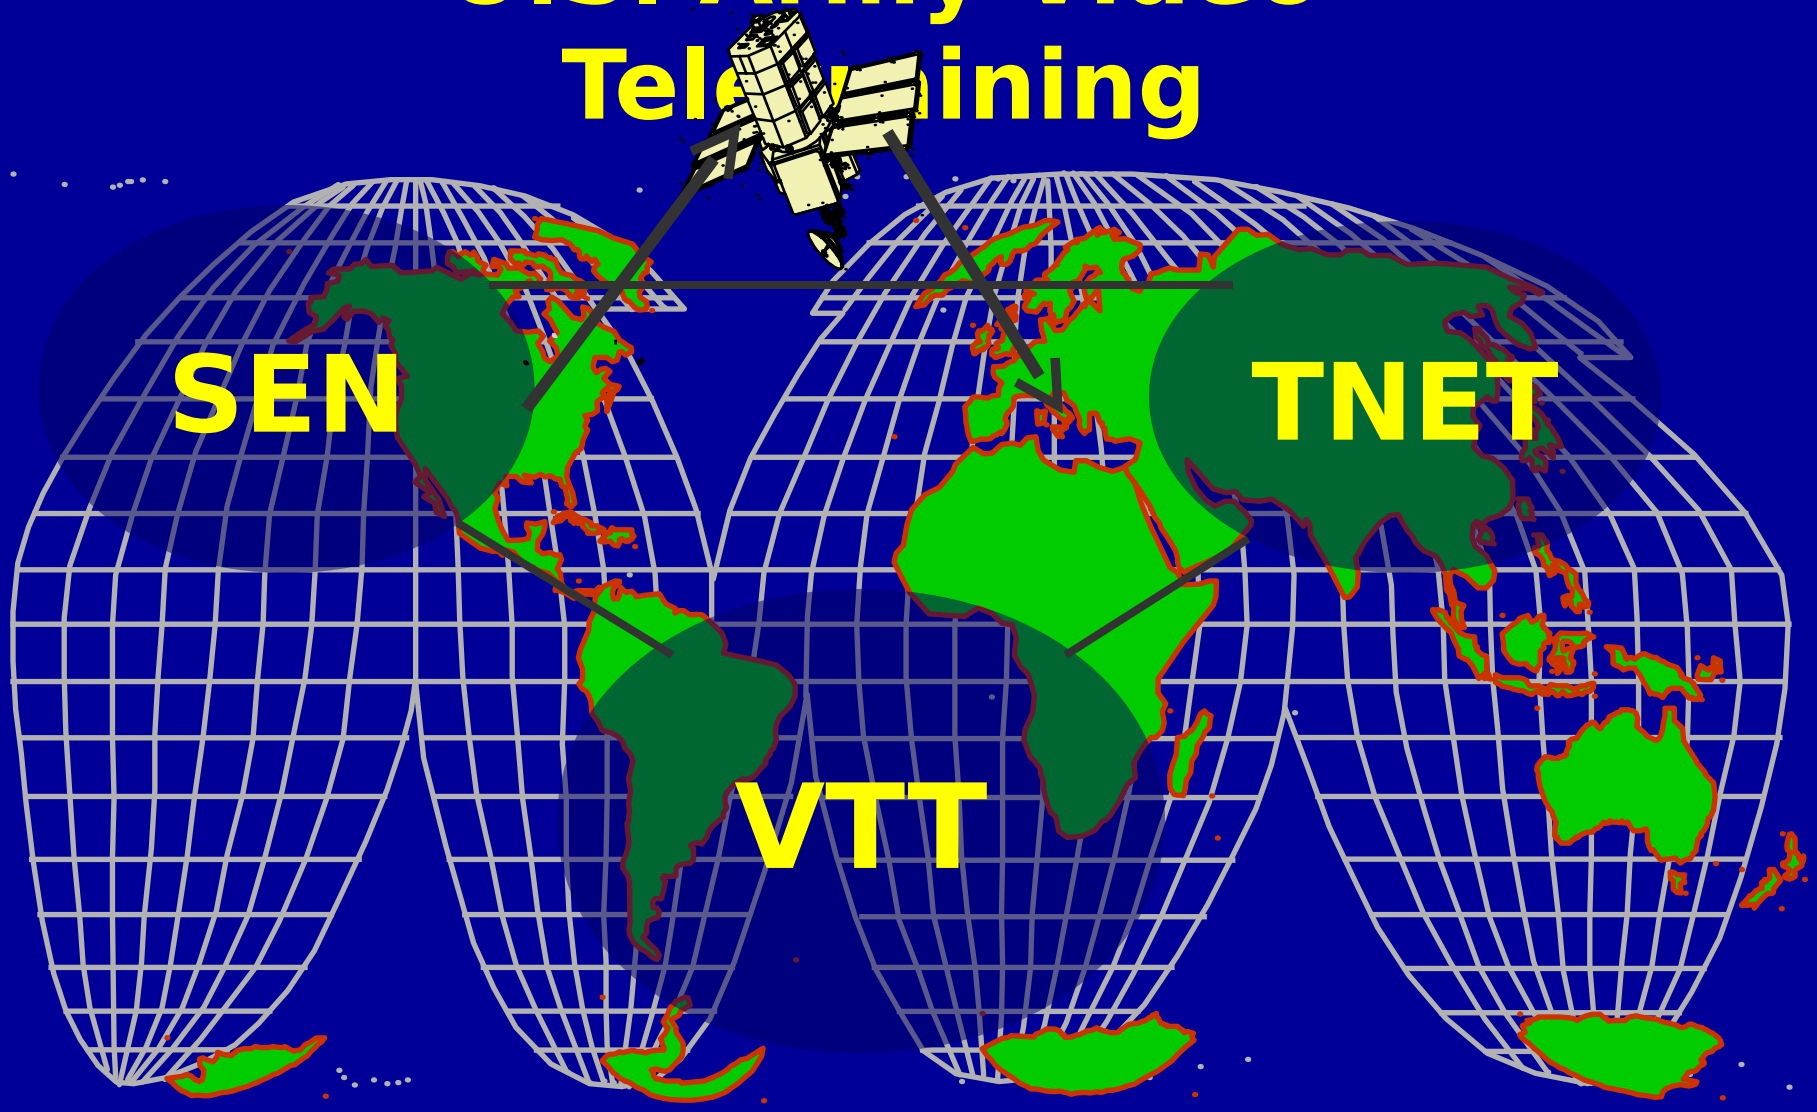
How We Can Help

- Support implementation and use of Army LMS
- Deliver AMEDDC&S distributed learning (DL) courses worldwide via video teletraining, satellite, web -based systems and Army LMS
- Assist personnel in development and delivery of VTT, satellite, and facilitated on-line courses

What We Do

- Provide web hosting support for DL course material
- Collaborate with AMEDD, other DoD, federal, and civilian agencies to delivery quality, relevant DL programs
- Market DL programs via the web and other venues

U.S. Army Video Teletraining



Video Teletraining (VTT)

- Real-time and interactive
- Can combine with satellite & VTC
- Supports simultaneous connection to numerous sites

VTT Objective

Support Readiness

- Increase soldier availability to the unit
- Train to one standard
- Reduce in-resident training time and training delivery support costs

Initiatives

- Support emergency medical service DL programs in support of MOS 91W recertification. VTT courses include:
  - 80-hour Trauma AIMS Course
  - 40-hour EMT-B Recertification Course
  - 52, two-hour EMT continuing education classes

Initiatives
(Cont.)

- Support development and delivery of Professional Post-graduate Short Course (PPSC) and Functional Course DL Programs
- Support dissemination of lessons learned and training in support of Contemporary Operational Environment

Initiatives
(Cont.)

- Support, implement, and deliver DL CME/CE Programs that include:
  - Deployment Medical Issues
  - Humanitarian Assistance Program
  - Physician Assistance Recertification
- Support conduct and delivery of DL phases of resident courses
- Over $6.1M in TDY avoidance for VTT and satellite courses since 2002

U.S. Army Physician Assistant Recertification

U.S. Army PA Recertification Symposium

- 2002: 5-day course included 20 attendees in resident status
  - Included 11-hour satellite broadcast
  - Transmitted to 306 sites & 650 attendees
  - TDY cost savings/avoidance: $383,139.00
- 2004: Course included 20-hour broadcast
  - Conducted 23-27 Feb 04
  - Transmitted to 140 sites & 870 attendees

Future Initiatives

- Video steaming to the desktop
- Increase web-based courses; include CDs and DVDs as a delivery option
- Support “Lessons Learned” initiatives by developing and delivering programs that focus on planning, preparation, and performance under operational conditions.

Summary

“AMEDD soldiers and units… trained and deployable anytime, anywhere”
